

Dear

Sculpture in the Paddock is now in its fifth year. With local, regional and national media coverage, this event has earned its place on the arts calendar.

This event is made possible by a host of talented artists along with a small, dedicated group of local volunteers.

From September 2016 over 3 weeks **12,000** + visitors came to the historic, rural setting of Cooma Cottage just outside the township of Yass (40minutes to Canberra). We are confident this number will only rise for 2017. The exhibition includes Prizes in excess of \$3000.00 on-site photography workshops; artist talks and collaborations with emerging artists, Sales in 2016 exceeded \$20,000. A Fundraiser is organized as a wonderful lead up to the event and opening night is always a terrific success. **We would love for you to join us in doing it all again in 2017.**
